

we learn, we build, we play with
LEGO® Bricks

AFTER SCHOOL

So fun... it won't feel like learning!!

OUR LADY OF PROMPT SUCCOR

After School Enrichment

Kindergarten and up: **Thursdays, 3:15 – 4:15**

Starting October 19th

Interesting Inventions

Most objects we use daily were invented by someone. Find out the origins of things like the hand mixer, windshield wipers and conveyor belts. During this unit, students will discuss the difference between an invention and a discovery, learn how inventions solve problems, and find out how inventors get their ideas patented. Each model is motorized for maximum movement and fascination!

If you have a Preschooler who is interested, please let us know and we may be able to accommodate them as well or begin a Prek Class on a different weekday. Thanks.

Rates and Registration:

\$70 per student
(per 6-week session)
